Day Summary: I took 2 losing trades today. Both we're not trades coming to me, but me trying to seek opportunity in the market. That was the problem. I need to remember not to try. Just arrive at the destination. I manged the losses today and was disciplined with stopping out, so that is a good takeaway, but I also want to remind myself that these were both unnecessary, no set up trades.

TRADES

Trade 1 - Short 1 MES @ **No Set Up + FOMO Entry**

Grade: D

- no set up - bad
- Fomo entry - bad
- if i wanted to attempt this trade, I should have waited for a 21 ema test
- I mainly took this trade out of FOMO from the recent down move
- good discipline with stop out

Trade 2 - Short 1 MES @ No Set Up + Bias

Grade: D

- no set up - bad
- decent entry for the trade I was going for, but this is just overall not a playbooked trade
- good discipline with stop out
- low quality trade
